

SPIDER CLIP

Product description

Spider clip is a new generation cable and conduit clip engineered to fit multiple channel sizes with ease. Its highly flexible design adapts effortlessly to uneven and irregular channels – eliminating the need for precise channel cutting and making it the ideal choice for both renovation and new-build projects.

No tools. No fuss. Simply press the clip together and push it into the channel. Designed by a professional electrician for electricians and plumbers who demand speed, flexibility and a product that consistently outperforms the rest.

Danish invention and design.

Item technical data

Item no	SP2260
EAN no	5700002280350
Color	Black
Prepacking	50 pcs.
Fits size	22 mm – 55 mm
Halogen free	Yes
PVC free	Yes
100% recycled	Yes
RoHS/Reach	Yes

One clip. Many sizes. No tools!
